

Effervescent Disinfectant & Cleaning Tablets

5091/41

For use in terminal cleans and during infection outbreaks

Greyland Effervescent Disinfectant & Cleaning Tablets are an NaDCC based disinfectant tablet especially formulated to be effective against MRSA, Viruses, C Difficile and all food poisoning bacteria.

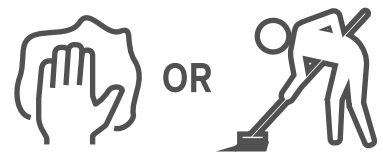

SAFE HANDLING:

Always wear the correct Personal Protective Equipment (PPE) when handling, dispensing or using chemicals.

In case of an accident please refer to the product Safety Data Sheet (SDS) for immediate first aid measures and medical helpline number for a medical emergency.

1  Ensure you are wearing appropriate protective equipment.	2  Each tablet releases a minimum 1,000 parts per million available chlorine per litre of water.	3  Add 1 tablet per 1 litre of COLD water to give 1000ppm available chlorine.
4  Pre-clean surface and remove all visible dirt and gross contamination.	5  Apply Chlorine solution to surface with cloth. Or damp mop floor with solution.	6  Allow to air dry.

7

Always mix a fresh disinfectant solution every 24 hours or if the solution is visibly dirty.
